

# Entegris Acquisition Change Notification

JULY 2022

# Executive Summary

## Change Description:

Entegris acquired CMC Materials on July 6, 2022 and will begin transitioning the CMC Materials brand to the Entegris brand beginning on July 6, 2022. We expect this transition to be completed by August 2023.

## What is Changing:

This brand change which will include logo, font, and color changes, will be completed for all customer-facing materials such as invoices, quotes, order confirmations, product literature and manuals, product labels or other markings, production labels, and primary and/or secondary packaging. This visual appearance change will have no effect on product quality, performance, or reliability. Other necessary integration activities such as ERP consolidations, entity changes, service providers and the like will be communicated through periodic updates as more details become known.

## Reason for Change:

The acquisition of CMC Materials by Entegris created the need to change the brand identity of the CMC Material product lines and integrate systems and business processes.

## Class of Change:

Forced Change. The change will have no impact to manufacturing process or product form factor, fit, function, or performance.

## Products Affected:

All CMC Materials branded products.

# Pads & Slurries - Proposed Implementation Timeline
